Formula D - "The Final Fight" Toyota Speedway at Irwindale

Irwindale CA
October 11, 2008

This past weekend found the International Allstars and it's Partners drifting and displaying at the Formula Drift finals in Irwindale CA. Look at all the great photo's to help tell the story of what we had on display for the general public to see and talk with and about. It was a great event maybe one of the best as thousands of happy youth spectators rushed through the gates and to our booth area leaving us very busy all day into the night. Thur and Friday had us focused on keeping the cars running on the track, practicing and trying to make the main even on Sat. We did pretty good as one of the two cars made it in the top 32 not bad considering the odd's and it being the finals at the end of the year!!! Thanks to Alex P and Hiromi K our 2 drivers for the weekend making the Mazda MX5's look good and perform well. There is no questions about if the MX5's can compete now it's when and if they will make the top 3 anytime soon? That my friends will need to wait so make sure to keep checking our website for updates and details of where we will be and when:

Everyone Allstar Team member, Model, driver, staff that went to this event did a great job and we now understand what it takes to compete at a real Drifting event like this one. A job well done and our sponsors should be proud of our efforts to support the products and company name. We look forward to the rest of the year as we still have some major events scheduled to include SEMA in Las Vegas. Enjoy the photo's and see you at the track or a local event near you!!!!
