The Allstars came out in full support for the Seven Stock 11

Monday, September 29, 2008
Irvine, CA

From the cars, members, models, D.J.'s sponsors, photographers, race car drivers, drifters and a all new wrapped trailer to display. Everybody had a great time and we enjoyed great company from our Mazda family and owners. We hope to see you next year as we do it again but hopefully bigger and better. God seems to be working on our side and giving us many blessings and we look forward to every new day. I will let the pictures tell the story of this great event with great people and as always we do it as a TEAM. Enjoy and always check our site weekly for updates and new information.
